11/27 seems to be a strong candidate so far, but still haven't heard from MPI.
I think we shoudl have Earl and Mark (provided he's conflict-free) at this meeting, their input will be very valuable for the next steps in the EMBM and ST. Can we talk to the attorneys or to Mitch Cohen about Mark tomorrow or Wednesday?

Don't wait - please check with everybody's schedule at once. Let's not skip Thanksgiving week, unless you plan to be out all week. I would also prefer not to skip the week of 11/12 - if Earl's the only one who can't make it, we should still have the meeting, because the purpose of the meeting is for HQI and MPI to talk to each other about how this task should proceed. This meeting should have been scheduled immediately when the task first started.

My availability:

Nov 13, 15 (all day)
Nov 19, 20, 21 (all day)
Nov 26, 27, 28 (all day)

If everyone else is available to meet on 11/16 and 11/30, I can be available those days too.

Definitely don't wait for Ray to respond - he doesn't have to attend this meeting.

CSM meeting with HQI and MPI in Mahwah

OK, time is running and we gotta have this meeting and I have to work on the agenda.
I think we need Earl Hayter and Mark Dortch (assuming he's not conflicted) to come to this meeting.
Neither Earl nor Mark can travel the week of Nov. 12.

1

The week of Nov 19 it's Thanksgivign week, so not sure whether that's a good idea.
The only option will be the week of Nov. 26 (except the 29 that it's the CARP conference). December is a bit late. How does the week of the 26 look to you? I wanted to check your availabilities before we check with MPI and HQI.
